

The OpenGov Cloud™

Budgeting and Performance | Communications and Reporting

The OpenGov Cloud™ is the only integrated cloud solution for budgeting, performance, communications and reporting. This multi-tenant Software-as-a-Service (“SaaS”) solution connects stakeholders to the budget process, engages them for real-time feedback, accurately forecasts personnel costs, and integrates with key government systems, resulting in improved outcomes, enhanced internal efficiencies, and more time for strategic planning.

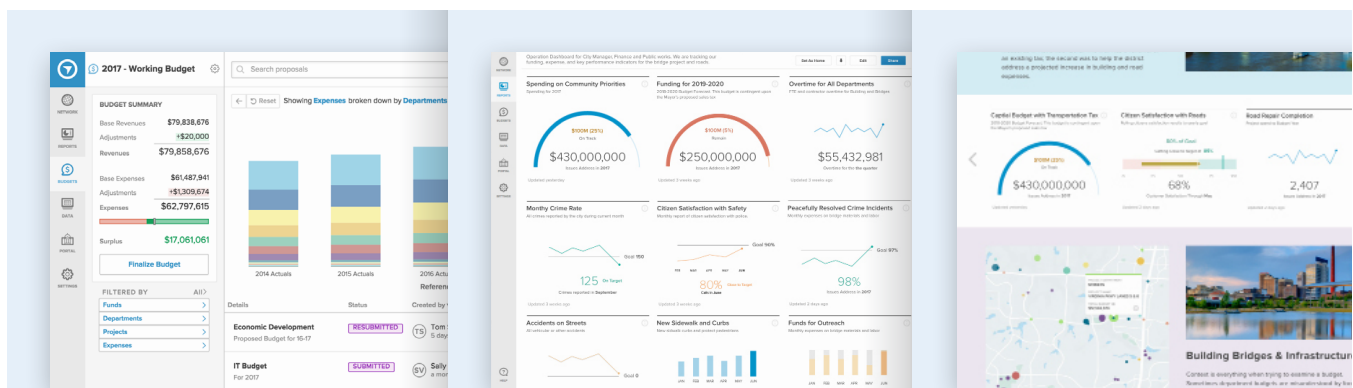

Integrated Budgeting and Performance

Leverage OpenGov’s integrated online solution to aggregate and synchronize financial and non-financial data. Streamline and transform your budget process from the initial stages of strategic planning and personnel forecasting on through final publication while enabling collaboration throughout. Plan and manage your strategic initiatives by capturing priorities, tying budgets to initiatives, identifying key outcomes, and engaging stakeholders.

Build Trust With Effective Communication

Engaging with constituents and stakeholders is critical to every public agency’s success. With OpenGov, leaders can analyze and communicate complex topics and decisions in a simple manner anyone can understand. Agencies are able to build trust with colleagues and residents by gathering input on key initiatives and aligning budget and the strategic plan to both performance objectives and public expectations.

A Central Hub For Internal and External Stakeholders

Bring your financial and non-financial data together in one place. Automatically connect your ERP, Excel, HRIS, public safety, 311, and other data sources to The OpenGov Cloud™, ensuring data integrity across the organization. Quickly create and publish content, easily incorporate feedback, and inform and improve your interaction with internal and external stakeholders to strengthen public trust and achieve your communications objectives.
